

# BELT - BELT AIR

DESIGN DANIELE LO SCALZO MOSCHERI

242

Un'estetica originale, decisamente morbida, espressa nel prevalere delle linee sinuose: la collezione Belt racconta al tatto e all'occhio questo e molto altro, senza contare la straordinaria componibilità e la quantità degli elementi in cui si articola, che offrono alla creatività massima libertà di espressione. Belt Air riprende i principi estetici e progettuali di Belt, introducendo forme lievemente meno rotondeggianti e sostenute da sottili supporti in alluminio o polimetilmetacrilato che le fanno apparire quasi magicamente sospese.

An original and decidedly soft aesthetic, expressed in the prevalence of sinuous lines: the Belt collection tells this and much more, not to mention the extraordinary modularity and the quantity of its elements, which offer creativity the maximum freedom of expression. Belt Air takes up the aesthetic and design fundamentals of Belt, introducing slightly less rounded shapes held by thin aluminum or polymethylmethacrylate mounts that make them appear almost magically suspended.
