

ET VOILÀ

Wardrobe

^{IT} L'armadio Et Voilà, frutto di un progetto estremamente innovativo, si apre con un semplice gesto per poi scomparire nell'architettura: un tessuto e teso di grandi dimensioni infatti sostituisce le ante eliminando la percezione dell'armadio, che diventa una raffinata parete tessile. Progettabile al millimetro, permette di cambiare facilmente il look della stanza e contribuisce al comfort acustico grazie alle proprietà fonoassorbenti e alla silenziosità del meccanismo di scorrimento.

^{ES} El armario Et Voilà, fruto de un diseño extremadamente innovador, se abre con un simple gesto para después desaparecer en la arquitectura: una tela tensada de grandes dimensiones sustituye en efecto las puertas eliminando la percepción del armario, que se convierte en una elegante pared de tela. Proyectable al milímetro, permite cambiar fácilmente el look de la habitación y contribuye al confort acústico gracias a sus propiedades de absorción del sonido y al silencioso mecanismo de desplazamiento en la apertura.

^{DE} Als Ergebnis eines höchst innovativen Projekts öffnet sich der Kleiderschrank Et Voilà Wardrobe mit einem einfachen Handgriff, um dann in der Architektur zu verschwinden: So ersetzt ein gespannter Stoff mit großen Abmessungen die Schranktüren und lässt den Kleiderschrank praktisch unsichtbar werden, indem er ihn in eine raffinierte textile Wand verwandelt. Ein Kleiderschrank, der sich auf den Millimeter genau planen lässt, dem Raum leicht einen neuen Look schenkt und dank schallabsorbierender Eigenschaften und seines leisen Gleitmechanismus zum akustischen Raumkomfort beiträgt.

^{EN} The Et Voilà wardrobe is the result of a highly innovative project: simple to open, when closed it disappears into the architecture. A large taut piece of fabric is in fact used in place of doors, completely doing away with the perception of the wardrobe itself, which becomes a refined textile wall. Instantly changing the look of any room, it can be designed to the millimetre and also contributes to acoustic comfort thanks to its sound absorbent properties and its silent gliding mechanism.

^{FR} Le placard Et Voilà, fruit d'un projet extrêmement innovant, s'ouvre d'un simple geste pour ensuite se fondre dans l'architecture: en effet, un tissu tendu de grandes dimensions remplace les portes et élimine la perception du placard, qui devient une paroi textile raffinée. Réalisable au millimètre près, il permet de changer facilement le look de la pièce et contribue au confort sonore grâce à ses propriétés phono-isolantes et au fonctionnement silencieux de son mécanisme de coulissement.

^{IT} **Tecnologia tessile** - Il tessuto, morbido e raffinato, ha un'anima tecnica e una trama che impedisce alla polvere di filtrare all'interno, sviluppato appositamente per tale progetto, garantisce una fonoassorbenza che rende gli ambienti morbidi e ovattati e si distingue per agevolare manutenzione e lavabilità. // ^{EN} **Textile technology** - This soft refined fabric has been developed specifically for this project with a technical core and weave that prevents dust filtering through. It guarantees sound-absorbency that gives a softly cushioned feel to the room and is amazingly easy to care for and wash. // ^{ES} **Tecnología textil** - La tela, blanda y refinada, tiene un alma técnica y una trama que impide al polvo filtrarse hacia el interior, desarrollada a propósito para tal fin, garantizando una absorción del sonido que vuelve los ambientes blandos y atenuados y se distingue por facilitar el mantenimiento y el lavado. // ^{FR} **Technologie textile** - Le tissu, souple et raffiné, a une âme technique et une trame qui empêche la poussière de filtrer à l'intérieur. Conçu spécialement pour ce projet, il garantit un confort acoustique qui rend les espaces souples et ouatés et se distingue par sa facilité d'entretien et de nettoyage. // ^{DE} **Textiltechnik** - Das weiche und raffinierte Gewebe mit technischer Seele und einer Webart, die das Eindringen von Staub gewährleistet, wurde eigens für dieses Projekt entwickelt. Es garantiert eine Schallabsorption, die für eine wattierte Raumakustik sorgt, und zeichnet sich durch seine einfache Pflege und Waschbarkeit aus.

Solo per Et Voilà / Only for Et Voilà / Sólo para Et Voilà / Uniquement pour Et Voilà / Nur für Et Voilà

Sviluppati per LAGO da manifatture italiane, questi tessuti sono un morbido e versatile condensato di tecnologia, sapienza artigiana e creatività. Texture contemporanee e una gamma di colori pensati per vestire la casa trasformano trame e orditi in risorsa per realizzare habitat accoglienti e dalla personalità unica. Certificato ÖKO-TEX Standard 100 quale tessuto privo di sostanze dannose per l'uomo e per l'ambiente.

Developed for LAGO by Italian manufacturers, these fabrics are a soft, versatile condensing of technology, artisan wisdom and creativity. Modern textures and a colour range designed to dress the home, transforming warp and weft into a resource for creating welcoming habitats with unique personality. ÖKO-TEX Standard 100 certified to be a fabric free of substances damaging to people and the environment.

Desarrollados para LAGO por manufactureras italianas, estos tejidos son un suave y versátil compendio de tecnología, sabiduría artesana y creatividad. Texturas contemporáneas y una gama de colores pensados para vestir la casa, transformando tramas y urdimbres en recursos para realizar hábitats acogedores y de personalidad única. Certificado ÖKO-TEX Standard 100 como tejido libre de sustancias dañinas para el hombre o para el medio ambiente.

Réalisés pour LAGO par des manufactures italiennes, ces nouveaux tissus sont un condensé souple et versatile de technologie, de sagesse artisanale et de créativité. Des textures contemporaines et une gamme de coloris conçus pour vêtir la maison transforment chaînes et trames en une ressource donnant vie à une habitation accueillante et à la personnalité unique. Certifié par ÖKO-TEX Standard 100 tissu sans substances nocives pour l'homme et l'environnement.

Von italienischen Handarbeitsbetrieben für LAGO entwickelt, sind diese Stoffe ein weiches und vielseitiges Konzentrat der Technologie, handwerklichen Weisheit und Kreativität. Die zeitgemäßen Strukturen und reichhaltige Farbpalette, die erdacht wurden, um die eigenen vier Wände neu einzukleiden, verwandeln Schuss- und Kettfäden in eine einmalige Ressource zur Erschaffung gemütlicher und einladender Wohnräume, die über eine ganz eigene und einzigartige Persönlichkeit verfügen. Das ÖKO-TEX Zertifikat Standard 100 steht für ein Gewebe, das frei von schädlichen Stoffen, sowohl für den Menschen als auch für die Umwelt, ist.

INFORMAZIONI GENERALI GENERAL INFORMATION	Tutti i pannelli di particelle di legno nobilitati con carte melaminiche sono a bassa emissione di formaldeide e certificati Carb e TSCA title VI con bordi in ABS in tinta. Per la laccatura di pannelli e vetri vengono utilizzate solo vernici all'acqua. <i>All MDF panels are low formaldehyde CARB and TSCA Title VI certified, faced with melamine and with ABS edges in a matching colour. Only water-based paints are used on the panels and glass.</i>
STRUTTURA STRUCTURE	Pannello nobilitato spessore 2,5 cm. <i>Melamine panel 2,5 cm thick.</i>
FIANCO NOBILITATO MELAMINE SIDE PANEL	Pannello nobilitato spessore 2,5 cm. <i>Melamine panel 2,5 cm thick.</i>
FIANCO LACCATO LACQUERED SIDE PANEL	Pannello nobilitato spessore 2,5 cm, superfici esterne a vista laccate con vernici all'acqua. <i>Melamine panel 2,5 cm thick, external surfaces on show lacquered with water-based paints.</i>
FIANCO IN TESSUTO FABRIC SIDE	Lamiera di acciaio sp.0,1 cm rivestita in espanso sp.0,3 cm e tessuto, con sistema di aggancio al fianco in legno per renderlo sfoderabile. <i>Steel sheet metal 0,1 cm thick covered in foam 0,3 cm thick and fabric, with system for attaching to the wooden side panel so that it can be removed.</i>
RIPIANI LEGNO WOODEN SHELVES	Pannello nobilitato spessore 3,8 cm. <i>Melamine panel 3,8 cm thick.</i>
RIPIANI VETRO GLASS SHELVES	Vetro temperato spessore 1 cm. <i>Tempered glass 1 cm thick.</i>
BINARI DI SCORRIMENTO SLIDING RAILS	Alluminio verniciato a polveri epossidiche, con carrelli di scorrimento in lega di alluminio e particolari in nylon, meccanismo di chiusura magnetico integrato. <i>Aluminium painted with epoxy powder, with aluminium alloy runners and nylon components, built-in magnetic closing mechanism.</i>
PROFILI VERTICALI VERTICAL PROFILES	Alluminio anodizzato, con profili di regolazione interni in acciaio e plastica, staffe di scorrimento in acciaio con meccanismo di chiusura magnetico integrato. <i>Anodized aluminium, with internal profiles in steel and plastic, steel sliding brackets with integrated magnetic closing mechanism.</i>
MANIGLIA HANDLE	Metacrilato trasparente. <i>Methacrylate.</i>
TUBI APPENDIABILI CLOTHES RAILS	Tubo a sezione circolare in acciaio, verniciato a polveri epossidiche. <i>Steel rail with circular cross-section, painted with epoxy powder.</i>
CASSETTIERE DRAWER UNITS	Fianchi: pannello nobilitato spessore: 5 cm. Bordi: ABS in tinta. Coperchio: pannello nobilitato spessore: 3,8 cm oppure vetro temperato sp. 1 cm. Struttura del cassetto: pannello nobilitato spessore: 1,6 cm e 1,2 cm (fondo). Frontale cassetto: pannello nobilitato spessore: 1,9 cm. oppure vetro temperato sp. 0,8 cm con fissaggio alla struttura del cassetto mediante profilo ad L in alluminio anodizzato. Side panels: melamine panel 5 cm thick. Edges: ABS in a matching colour. Top: melamine panel 3,8 cm thick or tempered glass 1 cm thick. Drawer structure: melamine panel 1,6 cm thick and 1,2 cm thick (bottom). Drawer front: melamine panel 1,9 cm thick or tempered glass 0,8 cm thick attached to the drawer structure using an L-shaped anodised aluminium profile.
PORTA-PANTALONI E VASSOIO ESTRAIBILE TROUSER HOLDER AND PULL-OUT TRAY	Masselli laterali: pannello nobilitato spessore 5 cm. Telaio in legno di faggio sp. 4,6 cm con fondo poliestere e laccati con vernici all'acqua e pannello nobilitato spessore 2,5 cm. <i>Solid wood side elements: melamine panel 5 cm thick. Beechwood frame 4,6 cm thick with polyester bottom, lacquered with water-based paints and melamine panel 2,5 cm thick.</i>
SERVETTO PULL-DOWN HANGING ROD	Struttura in acciaio verniciato a polveri epossidiche e maniglia in plastica. <i>Steel structure painted with epoxy powder and plastic handle.</i>
PORTASCARPE SHOE RACK	Pannello nobilitato spessore 3,8 cm con inserti in acciaio sp. 0,3 cm, verniciati a polveri epossidiche. <i>Melamine panel 3,8 cm thick with steel inserts 0,3 cm thick, painted with epoxy powder.</i>

Struttura a vani
Compartment structure

- Struttura anche sospendibile
- Ampia modularità dei vani e anche soluzioni a misura
- Ampia gamma di attrezzatura interna e accessori (cassettiere, vassoi estraibili con porta pantaloni, ecc.)
- *Structure also suspendable*
- *Large modular of the compartments and also customized solutions*
- *Wide range of interior equipment and accessories (drawers and removable trays with trouser racks, etc.)*

A terra
On the floor

Sospesa
Suspended

1. Vano
2. Fianco interno
3. Fianco esterno
4. Tessuto completo di binario superiore e inferiore e profili verticali con maniglia

2. *Internal side*
3. *External side*
4. *Fabric complete with top and bottom track and vertical profiles with handle*

DETTAGLIO FORATURA SU FIANCHI PER ACCESSORI INTERNI
DETAIL OF DRILLING ON SIDES FOR INTERNAL ACCESSORIES

Su richiesta foratura per accessori interni solo dove previsti nell'ordine, senza sovrapprezzo.
Upon request, holes for internal accessories to be only where specified on the order, at no extra cost.

Ogni colonna deve prevedere almeno un ripiano in legno strutturale o una cassettera con coperchio in nobilitato per evitare la flessione dei fianchi.
Each tall unit must have at least one structural wooden shelf or a drawer unit with melamine top to prevent the side panels from bending.

I ripiani in vetro vanno posizionati tra due elementi strutturali in legno (es. tra il coperchio della colonna e il coperchio di una cassettera) e devono essere a una distanza massima tra loro di 125,3 cm.
Glass shelves must be positioned between two wooden structural elements (e.g. between a tall-unit top and a drawer-unit top) and must be a maximum of 125,3 cm apart.

Struttura a vani
Compartment structure

Quando il tessuto è tutto raccolto, questo ha un ingombro minimo che dipende dall'altezza e larghezza del mobile. Vedi tabella:
 When the fabric is all collected, it occupies minimum space that depends on the height and the width of the furniture. See chart below:

Ingombro minimo// Minimum space

ALTEZZA HEIGHT	LARGHEZZA WIDTH	110,4 ⇨ 140	140,1 ⇨ 171	171,1 ⇨ 203	203,1 ⇨ 235	235,1 ⇨ 277	277,1 ⇨ 314	314,1 ⇨ 350	350,1 ⇨ 381	381,1 ⇨ 423,2

Necessario profilo "L" di rinforzo solo per montaggio da terra $H \geq 18,4$ cm e H armadio $> 147,2$ cm.
L-shaped reinforcement profile required for floor-standing assembly $H \geq 18,4$ cm and H wardrobe $> 147,2$ cm.

Raccomandazioni Recommendations

La sicurezza del montaggio dipende dal corretto fissaggio della piastra, questa è responsabilità dell'installatore che deve valutare le condizioni e le caratteristiche del muro e deve definire nei casi non previsti il tipo di fissaggio più idoneo (chimico o altro).

Per un supporto tecnico nella scelta del tipo di ancoraggio a muro è possibile contattare direttamente FISCHER tramite la mail dedicata per LAGO lago@fischeritalia.it o chiamando il numero **fischerpoint 800-844078** e richiedendo assistenza mobili LAGO.

The safety of the installation depends on the correct mounting of the plate, which is the responsibility of the installer, who has to assess the conditions and characteristics of the wall and define the most suitable type of installation (chemical or other).

*For technical support with the choice of the wall fitting method, please contact FISCHER directly through the dedicated e-mail to LAGO lago@fischeritalia.it or by giving them a call **fischerpoint 800-844078** and asking for assistance concerning LAGO furniture.*

Rispettare i carichi massimi della colonna come da schema:
Observe the maximum loads as shown in the diagram:

* Peso da aggiungere a quello della struttura
* Weight to be added to that of the structure

Regola larghezza
Adjust width

Il profilo viene fornito in un unico pezzo, la larghezza può coprire tutto l'armadio o una parte.
The profile is supplied in a single piece, the width may cover all or a part of the wardrobe.

Regola profondità
Adjust depth

P armadio 65,4 cm
Wardrobe D 65.4 cm

Striscia LED adesiva fornita in rotolo, luce calda 3200°K. Interruttore a parete. Si consiglia di usarla dietro al profilo appendiabiti o sotto armadi bassi (non a vista)
Adhesive LED strip supplied in rolls, 3200°K warm light. Switch on the wall. It is recommended to use it behind the clotheshanger profile or under low wardrobes (not visible)

P armadio 53 cm
Wardrobe D 53 cm

Ripiano estraibile
Pull-out shelf

Ripiano accessorizzato da fissare al centro del ripiano.
Accessorised shelf to be fastened in the middle of the shelf.
